#### І. ОРГАНИЗАЦИОННЫЙ МОМЕНТ

Good morning, my friends! I'm glad to see you today. Sit down, please.

Today some guests are present at our lesson, but I think that does not disturb you to work good. Let's begin. Who is on duty today? What day is it today? What is the date? Who is absent?

#### II. СООБЩЕНИЕ ТЕМЫ УРОКА, ПОСТАНОВКА ЦЕЛИ И ЗАДАЧ

The topic of our lesson is written on the blackboard. How can we translate it? What Russian equivalent can you give? (В гостях хорошо, а дома лучше.)

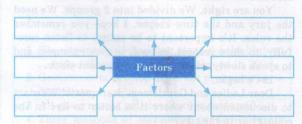

Today at the lesson we'll speak about advantages and disadvantages of living in different places. We'll find out what is more or less important for people's choice. We'll learn how to advertise and write an advertisement of a place you would like to live in.

#### **III. ОСНОВНАЯ ЧАСТЬ УРОКА**

#### Метод мозгового штурма

What, do you think, can influence people's life in any place and people's choice where to live?

(Ученики называют факторы и записывают их на доске и в тетради.)

#### Активизация навыков говорения

Now, let's decide which of these factors are very important, which ones are less important and which factors are not important at all when people choose where to live. You can use a structure on the sheets as an example for your answer.

(Ученики получают лексические опоры.)

Very well! We have decided what makes people to choose where to live.

Now work in pairs and divide all these points into negative and positive.

(Ученики работают в парах по лексическим опорам.)

It's time to discuss!

#### Отработка навыков поискового чтения

Our next work is connected with different places for living. You can see five short texts. Read them and decide what places they are about. (Ученики читают предложенные тексты и отвечают на вопросы.)

Pupils, now look through the texts once again and think of the advantages and disadvantages of the place.

#### Динамическая пауза

Let's play the game "Be attentive". Listen to me and do what I ask you.

- Hands down! Руки вниз!
- Hands on hips! Руки на бедра!
- Sit down! Садись!
- Stand up! Встань!
- Hands up! Руки вверх!
- Hands to the sides! Руки в стороны!
- Turn to the left! Поворот налево!
- Bend right! Наклон вправо!
- Stand still! Стойте смирно!
- Stop! Стой!
- Hands up! Руки вверх!

#### Развитие навыков устной речи на основе применения технологии «Дебаты»

Now I propose to discuss such question as "Which is better — to live in the country or in the city?" in the content of debate. Do you remember what debate is?

P1. A debate is a well-organized, structured argument.

P2. There are two "sides" in a debate, they take turns in speaking.

P3. Each side is expected to listen to the other side and to "clash" with what they say.

You are right. We divided into 2 groups. We need the jury and the time-keeper. I hope you remember the rules. It's important to be polite, to listen carefully, to show respect, be cool, to give examples and to speak slowly, clearly and in a pleasant voice.

Let's begin.

Dear Ladies and Gentlemen, dear quests! We start to discussion about where it is better to live in the country or in the city?'

Jury. What are the disadvantages in the city? What are the disadvantages in the country?

- 1) Pupils of the first group.
- 2) Pupils of the second group.

Ps. Certainly, the problem of employment in the countryside is very crucial today. Working and living conditions are difficult, social and cultural life in the countryside is not full of entertainment. There are few schools and clinics in the countryside. I'd like to add that there is no place like your home town, no matter what it is.

What are opinions of our jury?

Respected opponents! Dear guests! Both speakers managed the time well, showed respect to each other and to everybody present. They've spoken in a pleasant voice. They tried to be convincing. Both used quotations appropriately in our opinion. They listened to each other. There was some analysis of the issue on both sides. They both stayed on task.

# IV. ЗАКЛЮЧИТЕЛЬНАЯ ЧАСТЬ УРОКА Подведение итогов

I believe that it's not the size of the place where you live that matters, but the way you feel about it.

Thank you for your work. You were very active today.
